## PRESS RELEASE

### STAMFORD BRIDGE A166 CONGESTION

Over recent days motorists have faced congestion on the A166 to the east of Stamford Bridge at peak times due to ongoing roadworks. It is hoped that the roadworks will finish soon.

Andy Strangeway, Independent ERYC Ward Councillor for Pocklington Provincial Ward, which includes Stamford Bridge, would like to make motorists aware of potential congestion in the coming days. In addition he would suggest motorists seek an alternative route if at all possible.
